"Your only call for all your beverage needs"

Over the last 10 years our customers would ask us if we can provide beverages along with the food for the complete catering experience. Well up until now we had to say "No". I am proud to introduce you to "Last Call Beverages". Because of the liability behind the nature of the product we serve we decided to form a separate company and call it "Last Call Beverages".

Dan Bunzel is the Catering Director at Bunzel's and the owner of "Last Call Beverages". He believes the success of Bunzel's Catering is mainly because of the professionalism of our staff and the basic philosophy of delivering a superb product at a fair price. "Last Call Beverages" utilizes this same philosophy as well as shares from the same talent pool as the catering division. The product and service you have come expect from Bunzel's catering is what you can expect from the beverage division.

So please contact Dan Bunzel at Bunzel's at 414-873-7960 or at the number above for a quote when your special event requires beverages. Last Call Beverages has wide variety of talent with experience serving from 10 guests to 5,000 guests from Soda and Water to Frozen Margaritas and Rum and Coke.
